What To Do If Stopped By The Police While Driving

If You Are Stopped While Driving

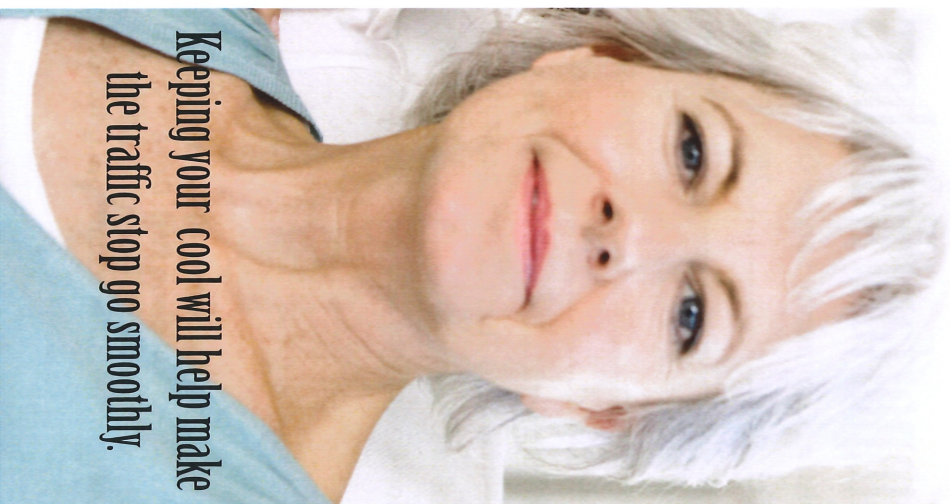

An officer may pull you over is they have probably cause or reasonable suspicion to believe a law has been broken.

Every year many officers are killed during traffic stops. Traffic Stops are no longer considered "routine". Officers are taught to treat all traffic stops as potential threats. For the safety of everyone involved during a traffic stop, please consider the following suggestions. We hope to make your traffic stop a professional and expedient one.

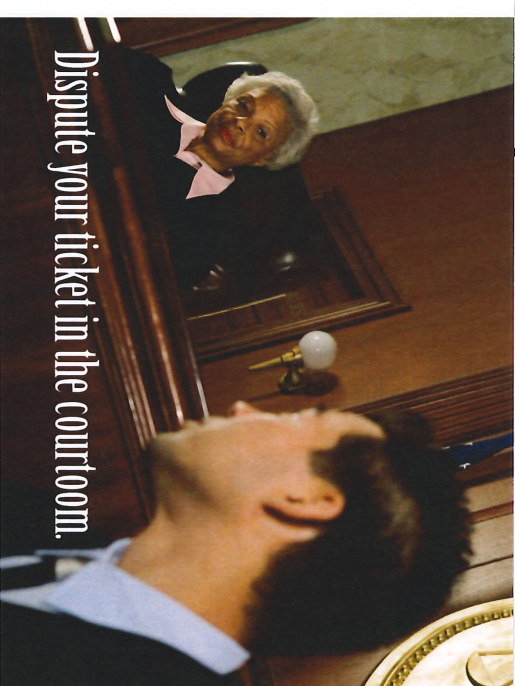

Upon discovering that you are being pulled over:

- Pull over to the closest curb when it is safe. Come to a complete stop.
- If you are stopped after dark, turn on hazard lights and pull into the nearest safe location.
- Do not get out of the car unless instructed to do so by the officer.
- Roll down your window when the officer approaches your vehicle.

- Keep your hands on the steering wheel so that officer can see them.
- The officer may ask you for your license and vehicle registration.
- Tell the officer when you need to reach for an item.
- Be polite and respectful.
- Stay calm.
- If you believe you are innocent of the charge, take the ticket to court. The roadway is not the place to dispute the ticket.

*Keeping your cool will help make
the traffic stop go smoothly.*

Dispute your ticket in the courtroom.

Your Rights

- You have the right to remain silent. If you wish to exercise that right, say it out loud.
- The officer may request to search your vehicle. You have the right to refuse to consent to a search of yourself, your vehicle and your home, unless:
- **YOU ARE UNDER ARREST.** The officer then has the right to search you and your vehicle.
- The officer observes something in plain view.
- The officer has probable cause to believe there is illegal activity.
- The officer has the belief that you are armed and the officer fears for his/her safety, they may do a "patdown" of you or your vehicle to check for weapons.
